

KAVLI COLLOQUIUM

Thursday
13 June 2013

TU Delft, Sports & Culture,
Mekelweg 8-10, Theaterzaal

Charles Marcus, University of Copenhagen
Qubits and Nanoscience

Is nano the way to go to build a quantum computer?

Pre-program

15.00 hr:

Topology in nanoscience

Speakers:

Timon Idema

Topology in biological development

Andrea Caviglia

Topology in the new oxide materials

Leo DiCarlo

Topology in quantum circuits

16.00 hr:

Break

16.15 hr:

Kavli colloquium by Charles Marcus

17.15 hr:

Drinks and time to meet

Charles Marcus will give an additional lecture
on "The resonant exchange qubit" on June 14, 2013
at 11.00 hr TN building, Lectureroom F

Charles Marcus

Kavli Institute of Nanoscience
